Clauses**J32 Efficacy (General) Exclusion**

The following additional Exclusion is added to the Policy:

This Policy does not cover liability arising out of the failure of a Product, or any part thereof, to fulfil the purpose for which it was intended or to perform as specified, warranted or guaranteed, unless such failure is due to an unintentional error in the manufacture, assembly, preparation or installation of the Product, or any part of it.

J90 Welding and Hotwork Condition

The following Exclusion is added to the Policy:

This Policy does not cover claims arising out of:

(a) arc or flame cutting, flame heating, arc or gas welding or similar operation in which welding equipment is used; and/or

(b) use of any electric, oxy-acetylene or similar welding or cutting equipment and allied process.

Provided that this Exclusion does not apply when conducted in strict compliance with the Australian Standard issued by the Standards Australia.

J35 Error in Formula or Design Exclusion

The following additional Exclusion is added to this Policy:

This Policy does not cover liability in respect of Personal Injury

and/or Property Damage caused by or arising out of the nature, condition or quality of Your Products which nature, condition or quality result from the use of any design, formula, specification, plan or pattern.

BF79 Your Business

The following amendment is made to the Policy:

"The Business" as specified in the Policy Schedule is deleted and replaced with the following:

Wholesaling, Assembling and Servicing of Gas and Flame Detection Systems and other associated activities undertaken by the Insured.

It is noted and allowed that the description of business includes;

Work on-board vessels (i.e. Australian Naval vessels including submarines), whilst tied up at dockside.

Work is restricted to;

- * replacement,
- * repair,
- * maintenance (calibration) and
- * test and commissioning

of on-board flame and gas detection systems.
